We are in receipt of your 2018 Kansas money transmitter renewal application for license number MT.0000046. All necessary criteria have been met. Please consider this letter as evidence of licensure for your company to engage in the money transmitter business in the state of Kansas for the period of January 1, 2018 through December 31, 2018. You may use our online lookup search engine to view the status of your license at any time throughout the year at: <http://www.osbckansas.org/lookup.html>.

The Kansas Office of the State Bank Commissioner (OSBC) may send you periodic email notifications throughout the year to keep you apprised of statutory changes, Nationwide Multistate Licensing System (NMLS) updates, renewal reminders, and other information. Please ensure that you have provided us with a current point of contact at all times to ensure email notifications are received in a timely manner.

Per K.S.A. 9-509(b), "Each license shall expire December 31 of each year. A license shall be renewed by filing with the commissioner a complete application and nonrefundable fee at least 30 days prior to expiration of the license. Renewal applications received between December 1 and December 31 of each year and incomplete renewal applications after December 1 of each year shall be assessed a late fee." Please be aware that your complete renewal application must be submitted through the NMLS no later than December 1, which helps ensure applications may be processed in a timely manner.
